Find Your Courses

If you are a student enrolled in at least one course, your courses will be listed on your myLATTE page once you log in to LATTE. Clicking on one of your listed courses will take you to that course's homepage. The faculty member teaching the course is responsible for publishing the course and making it available to students.

Active courses should appear blue or brown. If a course title is gray, the professor has not yet made that course available to students. If a course you are enrolled in does not appear in the center with your other courses, it has not been published in LATTE.

If you are not enrolled in a course and should be, contact the Brandeis University Registrar's Office (phone: x62010 or e-mail: registrar@brandeis.edu). You should be enrolled in a LATTE course one day after you officially register for the course with the Registrar's Office.
