# LATTE Workshops Takeout Menu

## Type of Workshops

**Offered by the LATTE Team**

Workshops can be one-on-one meetings, a group session of interested individuals, or offered in a shortened version for Department Meetings.

Please email ctl@brandeis.edu to schedule a meeting!

## Appetizers (15 minutes each)

Choose from any of the below short topics:

- Embedding images and video
- Communicating with students in LATTE
- Adding Virtual Classes to LATTE with Zoom
- Backup, Restore, Import - Saving and reusing your course

## Lite dishes (30 minutes)

- Collecting and returning assignments
- Working with multiple course sections
- Using Forums

- This overview workshop highlights the most important features in LATTE and introduces faculty members to some of the improvements that have been made.

- A workshop that explores the more advanced tools and activities available in LATTE.

- This session can either be a general workshop in how to create groups or assisting the faculty member in setting up group projects for a class during the semester.

- This workshop will explore the Quiz tool and all the many ways it can be used and configured. Attention will be given to how it can be used as a formative or summative assessment, free up class time, and the persistent questions of academic integrity.
