Network Usage and Responsibilities

This page discusses how to reduce your network usage and fileshare responsibly.

As discussed in the letter from the Chief Information Officer, distributing copyrighted materials without permission may be illegal and very much against the Brandeis University Computer Policy. The consequences can be severe.

Network Usage Information

For detailed information on how campus network bandwidth is utilized, go to NetMon. The graph of campus network usage is updated roughly every 10 minutes.

NetMon can also tell you your personal bandwidth usage.
