Evelyn E. Caira
Undergraduate Academic Coordinator
Psychology
Brown 125
caira@brandeis.edu
781-736-3301
My responsibilities include working closely with our UAH, assisting with declaring undergraduate students, assigning them advisors, and maintaining records for approximately 300 students, while monitoring seniors for completion of requirements. I prepare the yearly course schedules and reporting info to the Registrar as well as updating revisions for the Bulletin. I assist faculty with correspondence, club activities, course registration, colloquium and event planning, and prepare department's yearly diploma ceremony.

Christine DiBlasi
Pre-Award Grants Administrator
Division of Science, Pre-Award Group
Edison-Lecks 119, MS015
cdbiasi@brandeis.edu
781-736-2502
I provide support to PIs at the division level as they apply for the external funding of sponsored projects, from federal and non-federal sources for research or training purposes. In this way, I am a liaison between faculty (and fellowship applicants) and the Office of Research Administration. I help develop budgets, and make sure that applications are complete and correct, and submitted on time. I also help PIs to comply with internal Brandeis policies, and the policies of funding agencies.

Edward Dougherty
Electron Microscopist
Division of Science, Imaging Facility, Biology
Bassine 109
dougherty@brandeis.edu
781-736-2682
The goal of my work here at Brandeis University is to teach and maintain an Imaging Facility for the department of biology and to interact with undergraduates, graduate, postdoctoral students and faculty members in the scientific community.

My responsibilities include overseeing the day-to-day operations of the imaging facilities; training, operation and maintenance of a Leica SP2 AOBS Confocal Microscope, Leica SP5 AOBS / Resonant Confocal Microscope, and Marianas Spinning Disk Confocal Microscopes; and assisting faculty, postdoctoral candidates, and graduate students in computer graphic imaging, photography and printing.

In charge of light microscopy related to the C.L.E.M. Facility (Correlative Light and Electron Microscopy)
