Android: Connect to eduroam

1. Open Settings Wi-Fi
2. Select eduroam from the list of available wireless networks
3. Select MSCHAPv2 for Phase 2 authentication if available.
4. Enter brandeis.edu for Certificate Domain if prompted.
5. Enter Identity, use your full username@brandeis.edu email and password then select join. Leave anonymous identity blank.
6. You should now be connected to eduroam!

**Hot Tip**
The most common error is failing to include "@brandeis.edu" when typing your username.
